

Transfer Credit /Advanced Placement and Part-Time Student Policy

This policy serves to identify the Program's philosophy relative to transfer of credit, advance placement of students and part-time student attendance.

With respect to the following considerations:

1. The Radiation Therapy program length of 12 months;
2. The specificity of the course content;
3. The precise correlation between the didactic curriculum and clinical education;
4. The sequential and progressive nature of the curriculum format;
5. The competitive nature of the enrollment process; and
6. The operational hours of the clinical facility.

The Radiation Therapy program at West Virginia University Hospitals does not make provisions for transfer credit, advance placement status, or part-time enrollment.
